## **ELECTRIC MOTOR APPROVAL PROCEDURE 2016**

Dear Madame/Sir

The 2016 IFMAR World Championships for the Electric **ON-ROAD** classes, **12<sup>th</sup> & 10<sup>th</sup>** scale will be held next August in China

The approval is to ensure that all competitors have equal access to the latest motors, thus ensuring wherever possible, fair racing to decide the World Champion.

IFMAR makes no representation as to the quality or efficacy of the products approved.

IFMAR approves the construction only.

If your motors are already IFMAR approved, you have no need to seek new approval unless changes have been made. If parts of an approved motor are changed, the motor must be sent to IFMAR for re-approval.

If you wish to submit new products or products which are changed since their last approval for use at the Electric On-road W.C. and future IFMAR W.C. events you must send them for approval **between March 15<sup>th</sup> and April 15<sup>th</sup> 2016.** Forms, payment and documents included.

By April 15<sup>th</sup> the samples, pre-payments and the completed documents must be in our hands. Any motor, pre-payment or form received after closing date (whatever the reason) will result in non-approval .

The IFMAR Electric Section looks forward to receiving your products for approval.

Sincerely

Frank Mostrey

Electric Chairman, IFMAR

### **PLEASE READ THIS FIRST**

Any manufacturer, distributor, agent or retailer may submit products for approval. Providing the products meet all the specifications and requirements of the IFMAR rules in force at the time of approval, are submitted by the closing date and fully meet the availability requirements as required by the IFMAR rules..

**You are strongly advised to thoroughly study the latest IFMAR world Championship rules and technical specifications for electric motors**

IFMAR website: <http://www.ifmar.org>

*Be aware that Motors/rotors not complying will be failed without prior notice*

Only IFMAR approved motors may be used. They must meet all IFMAR specifications and be widely commercially available four (4) months prior to the World Championship. Availability requirements must be met at the time of submittal.

**Submittal period is March 15<sup>th</sup> to April 15<sup>th</sup> 2016 only,**

Upon receipt of the inspection sheet from the appointed engineer confirming that the product meets all technical specifications and the Chairman is satisfied that all IFMAR availability requirements have been met the product will be included as an add-on to the existing approved products list for use at WC events.

1<sup>st</sup>: **Make sure** that motor is fully compliant to all IFMAR rules. Prepare 6 fully build samples

**Prepare two sets, A & B:**

- Set A:**
- The original completed approval form
  - Copies of invoices proving that at least 200 motors have been sold (\*)
  - List of distributors, retailers per continent covered (will be used for availability checks)
  - Three (3) motors (build/ready to run) plus LIST of alternate rotors

\*(Evidence of the availability of the product should be sent to the chairman only)

Sent at no cost for receiver to:

**IFMAR Electric Chairman**

Frank Mostrey  
Tenierslaan 28  
B 1910 Kampenhout  
Belgium

Phone: +32 476 555 308

*(Documents for set A may be sent by Email: [electric.chairman@ifmar.org](mailto:electric.chairman@ifmar.org) )*

- Set B:**
- A copy of the completed approval form
  - Three (3) motors (build /ready to run) plus samples of alternate rotors

Sent at no cost for receiver to:

**WTS/ P. Worsley**

23 Prince Rupert Road  
Stourport On Severn  
Worcestershire DY13 0AS *(beware: DY13 zeroAS)*  
United Kingdom

Use readable **printed** letters

Submitting Company Name: .....

Address: .....

.....

Country: .....

E-mail: .....

I hereby declare to be fully mandated to submit these samples for and on behalf of the company and that the above information is correct to the best of my knowledge.

Submitter accepts that the samples and data submitted will be used as reference to check batteries at IFMAR World Championships and do grant IFMAR full rights to unconditionally publish images and data of the above products.

As submitter I unconditional agree to reimburse any at all import charges or penalties that may be imposed on IFMAR or its officers after delivery of the samples. Plus a 25USD handling fee

It is commonly agreed that approvals turning out not to be commercially available in a satisfactory manner or subject or matter to complaints regarding international safety regulations or infringing patents will be withdrawn from the list, even after approval. In such case the submitter shall not make any claim against IFMAR, including IFMAR's representatives, employees, and sub-contractors but shall indemnify these against any legal liability for claims or suits, including costs and expenses incidental thereto provided that IFMAR notifies the submitter of any claims or suits without undue delay.

The decision to refuse or approve motors is IFMAR's exclusive right and cannot be an issue to any claims. Submitted motors will not be returned.
