## ELECTRIC MOTOR APPROVAL PROCEDURE 2017

Dear Madame/Sir

The 2017 IFMAR World Championships for the Electric **OFF-ROAD classes, 10<sup>th</sup>** scale (modified) will be held next November in China

The approval is to ensure that all competitors have equal access to the latest motors, thus ensuring wherever possible, fair racing to decide the World Champion.

IFMAR makes no representation as to the quality or efficiency of the products approved.

IFMAR approves the construction only.

If your motors are already IFMAR approved, you have no need to seek new approval unless changes have been made. If parts of an approved motor are changed, the motor must be sent to IFMAR for re-approval.

If you wish to submit new products or products which are changed since their last approval for use at the next Electric Off-road W.C. and future IFMAR W.C. events you must send them for approval **between April 24<sup>th</sup> and May 10<sup>th</sup> 2017**. Forms, payment and documents included.

By May 10<sup>th</sup> the samples, pre-payments and the completed documents must be in our hands. Any motor, pre-payment or form received after closing date (whatever the reason) will result in non-approval .

The IFMAR Electric Section looks forward to receiving your products for approval.

Sincerely  
Frank Mostrey  
Electric Chairman, IFMAR

### PLEASE READ THIS FIRST

Any manufacturer, distributor, agent or retailer may submit products for approval. Providing the products meet all the specifications and requirements of the IFMAR rules in force at the time of approval, are submitted by the closing date and fully meet availability requirements as required by IFMAR.

**You are strongly advised to thoroughly study the latest IFMAR world Championship rules and technical specifications for electric motors For 2017 WC 1/10 Off-Road – only 'MODIFIED' Motor samples are required.**

IFMAR website: <http://www.ifmar.org>

▼ *Be aware that Motors or Rotors not fully complying will be failed without prior notice* ▲

Only IFMAR approved motors may be used. They must meet all IFMAR specifications and be widely commercially available (at least in 2 continents, preferable in 3 or more) three (3) months prior to the World Championship. Availability must be met by providing addresses at the time of submittal and are subject to spot-checks at these and other retailers.

**Submittal period is April 24<sup>th</sup> to May 10<sup>th</sup> 2017 only,**

When all fees are paid and upon receipt of the inspection sheet from the appointed engineer confirming that the product meets all technical specifications, and the Chairman is satisfied that all IFMAR availability requirements have been met, the product will be included as an add-on to the existing approved list for use at WC events.

1<sup>st</sup>: **Make sure** that the motor is fully compliant to all IFMAR rules.

You need 6 fully build samples

**Prepare two sets: A & B:**

- Set A:**
- The original completed approval form
  - List of distributors, retailers preferably in at least 3 continents
  - Three (3) motors (build/ready to run) plus **LIST** of alternate rotors and their unique part number

Sent at no cost for receiver to:

**IFMAR Electric Chairman**

Frank Mostrey  
Tenierslaan 28  
B 1910 Kampenhout  
Belgium

Phone: +32 476 555 308

(Documents for set A may be sent by Email: [electric.chairman@ifmar.org](mailto:electric.chairman@ifmar.org))

- 
- Set B:**
- A copy of the completed approval form
  - Three (3) motors (build /ready to run) plus samples of all alternate rotors

Sent at no cost for receiver to:

**WTS/ P. Worsley**

23 Prince Rupert Road  
Stourport On Severn  
Worcestershire DY13 0AS  
United Kingdom

(beware: DY13 zeroAS)

---

Address: .....

Country: .....

**E-mail:** .....

**Only If different** : Invoicing address: .....

I hereby declare to be fully mandated to submit these samples for and on behalf of the company and that the above information is correct to the best of my knowledge.

I hereby declare that at least 200 motors will be widely available in two continents or more at 3 months before the next concerned IFMAR world championships and unconditionally agree that availability may be subject to spot checks .

Submitter accepts that the samples and data submitted will be used as reference to check motors before and at IFMAR World Championships and do grant IFMAR full rights to unconditionally publish images and data of the above products.

As submitter I unconditional agree to reimburse any at all import charges or penalties that may be imposed on IFMAR or its officers, even after delivery of the samples and augmented by a 25USD handling fee.

It is commonly agreed that approvals turning out not to be commercially available in a satisfactory manner or subject or matter to complaints regarding international safety regulations or infringing patents will be withdrawn from the list, even after approval. In such case the submitter shall not make any claim against IFMAR, including IFMAR's representatives, employees, and sub-contractors but shall indemnify these against any legal liability for claims or suits, including costs and expenses incidental thereto provided that IFMAR notifies the submitter of any claims or suits without undue delay.

I Fully agree that the decision to refuse or approve motors is IFMAR's exclusive right and cannot be an issue to any claims.

Submitted motors / Rotors will not be returned.

Agreed and Signed for and on behalf of: .....
